To Whom It May Concern:

It is my great pleasure to recommend Ms. Jannet Varon, President of JVA Construction, Inc. for your consideration. Jannet has proven her diligence, expertise, and reliability in every aspect of a rather complicated remodeling project in our home. She has also performed in a perfectly satisfactory manner for people who are neighbors and friends who engaged her services at our recommendation.

We have been consistently pleased with Jannet's completion of various projects punctually and at or below the cost estimated. Work areas have been left tidy and clean. Due to her professional training as an engineer, Jannet has shown remarkable adaptability and even creativity in solving problems in an effective and economic manner. We have been delighted as well by her quality of listening acutely to what we had desired to achieve.

What else can I say? We feel confident that Jannet will faithfully discharge the trust placed in her.

Sincerely,

Dennis D. Kezar†
