To whom it may concern:

I hired JVA construction to do the remodeling of 3 bathrooms in addition to updating the plumbing of my house. Jannet Varon was a pleasure to work with.

The work completed was high in quality. She returned my phone calls and emails promptly. During the work completed, there were several unexpected complications which she addressed immediately, not delaying the completion of the project. She was attentive to details

Jannet Varon is very professional, responsible, and reliable.

I highly recommend her and her company.

Sincerely,
